

## Distinguished Service Award

### **Peter Bolli, MD, MACP, FRCP, FAHA**

**St. Catherines, Ontario**

Dr. Peter Bolli is the recipient of the 2019 Hypertension Canada Distinguished Service Award. It is with great pleasure that we recognize his long-standing, distinguished record of voluntary service to Hypertension Canada and its heritage organizations.

We celebrate Dr. Bolli's sustained commitment to Hypertension Canada's mission and clinical practice guidelines. Throughout his long standing career as a cardiologist/internist, professor and researcher, he devoted his life to the field of hypertension. Dr. Bolli is an honorary member of 5 foundations and societies linked to hypertension.

We recognize that Dr. Bolli has had a truly extraordinary and prolific research career. He has published over 200 peer-reviewed publications and has a long track record of success in securing peer-reviewed funding.

In addition to his research accomplishments, Dr. Bolli, has received widespread recognition as a master clinician and clinical teacher. Many of his trainees have developed into junior investigators and this is a testament to his abilities as a teacher and mentor.

We also recognize Dr. Bolli as an active advocate for health care and health system change. His role within the hypertension community makes him a true example of this award's merit.
