Hypertension Canada Statement On:

The 2020 Canadian Hypertension Congress & COVID-19 Update

Hypertension Canada's expert network is actively assessing emerging research and public health direction related to COVID-19 response. At this time, the Canadian Hypertension Congress and Young Investigator Forum are expected to run as scheduled in Montreal, Quebec from September 24-26, 2020. Your health and the strength of our health care system are our top priorities, thus we have alternative measures and communication strategies prepared should changes be required.
