Committee/Project Descriptions

Expert Reviewer – Device Recommendation Program

Hypertension Canada's Recommended BPM Devices Listing is designed to help people in their purchasing decisions by easily identifying devices that are validated in studies as accurate. Devices used to measure blood pressure at home can be purchased from most pharmacies and stores that sell health care equipment.

Finance Committee

The Finance Committee is a standing committee of the Board of Directors established to assist the Board in fulfilling its oversight responsibilities with regard to financial reporting, financial policies, strategies and activities, and financial risk management. These responsibilities are carried out in accordance with approved policies that comply with generally accepted accounting principles (GAAP).

Governance Committee

The Governance Committee is a standing committee of the Board of Directors established to recommend the organizational structure, including Committee structure and composition, nominees for Board and standing committee appointments, required policies, processes, and by law revisions to support the decision-making model.

Awards Committee

The Awards Committee is established by Hypertension Canada's Board of Directors to do the pre-work of the Board in regard to implementation of the selection process for the annual recognition awards, submission of names of recommended award recipients to the Board of Directors, review of awards policy, criteria and recommendations to the Board of Directors for any changes or additions.

Guidelines / Education & Implementation Committee

The Guidelines Committee is a Hypertension Canada Committee established to build the Hypertension Canada Guidelines quality for increased professional uptake and encourage and enhance innovation in Hypertension Canada's clinical practice guidelines process. The Education & Implementation Committee is an Operations sub-committee established to build Hypertension Canada's value and reputation as the trusted hypertension resource, create needs-based education materials for increased health care professional and patient adoption of the Hypertension Canada Guidelines.

Fund Development Committee

The Fund Development Committee (FDC) is a standing committee of the Board. Working in collaboration with the board, its purpose is to support the fund development for Hypertension Canada and includes planning, coordination, implementation and evaluation of fund development activities.
