

HYPERTENSION CANADA'S OUTSTANDING VOLUNTEER AWARD

Deadline for nominations – January 17th, 2025

Hypertension Canada is pleased to invite all members to submit nominations for the 2025 Outstanding Volunteer Award. Volunteers are the lifeblood of our organization. Generous with their time and talents, they bring light and life to our mission and vision. The Outstanding Volunteer Award is presented to these worthy individuals in recognition of their outstanding efforts and contributions to move forward the mission and vision of Hypertension Canada. The Award consists of a plaque from Hypertension Canada and is given annually to individuals if suitable candidates are nominated. If no suitable candidates are nominated, the award may be withheld in any given year.

Eligibility: Eligible candidates are current volunteers of Hypertension Canada. Members of the Hypertension Canada Awards Committee and Board are not eligible.

Selection Criteria and Process: Eligible individuals must be nominated. Self-nominations will only be accepted under unique circumstances and must be justified within the nomination documents. Nominations are valid only for the year in which the nomination is submitted. There is no limit on the number of individuals that may be recognized in a given year. There is no limit on the number of Outstanding Volunteer Awards that an individual may receive, but more than one Award will only be given under unusual circumstances and for activities or initiatives that are unique or exceptional.

A letter of nomination and supporting documents must be submitted electronically to Hypertension Canada at info@hypertension.ca prior to the nomination deadline to be considered. Submissions received after the deadline will not be considered.

The letter of nomination should clearly outline the extent, duration, and the impact of the candidate's contributions that make the mission and vision of Hypertension Canada a reality.

Selection: The Awards Committee will review the letters of nomination and documents submitted in support of the nominations and will select recipients by consensus.

The award will be announced at our Canadian Hypertension Congress in the spring.

The deadline for submission of these nominations is January 17th, 2025.
